

THE ALI ENTERPRISES

THE ALI ENTERPRISES

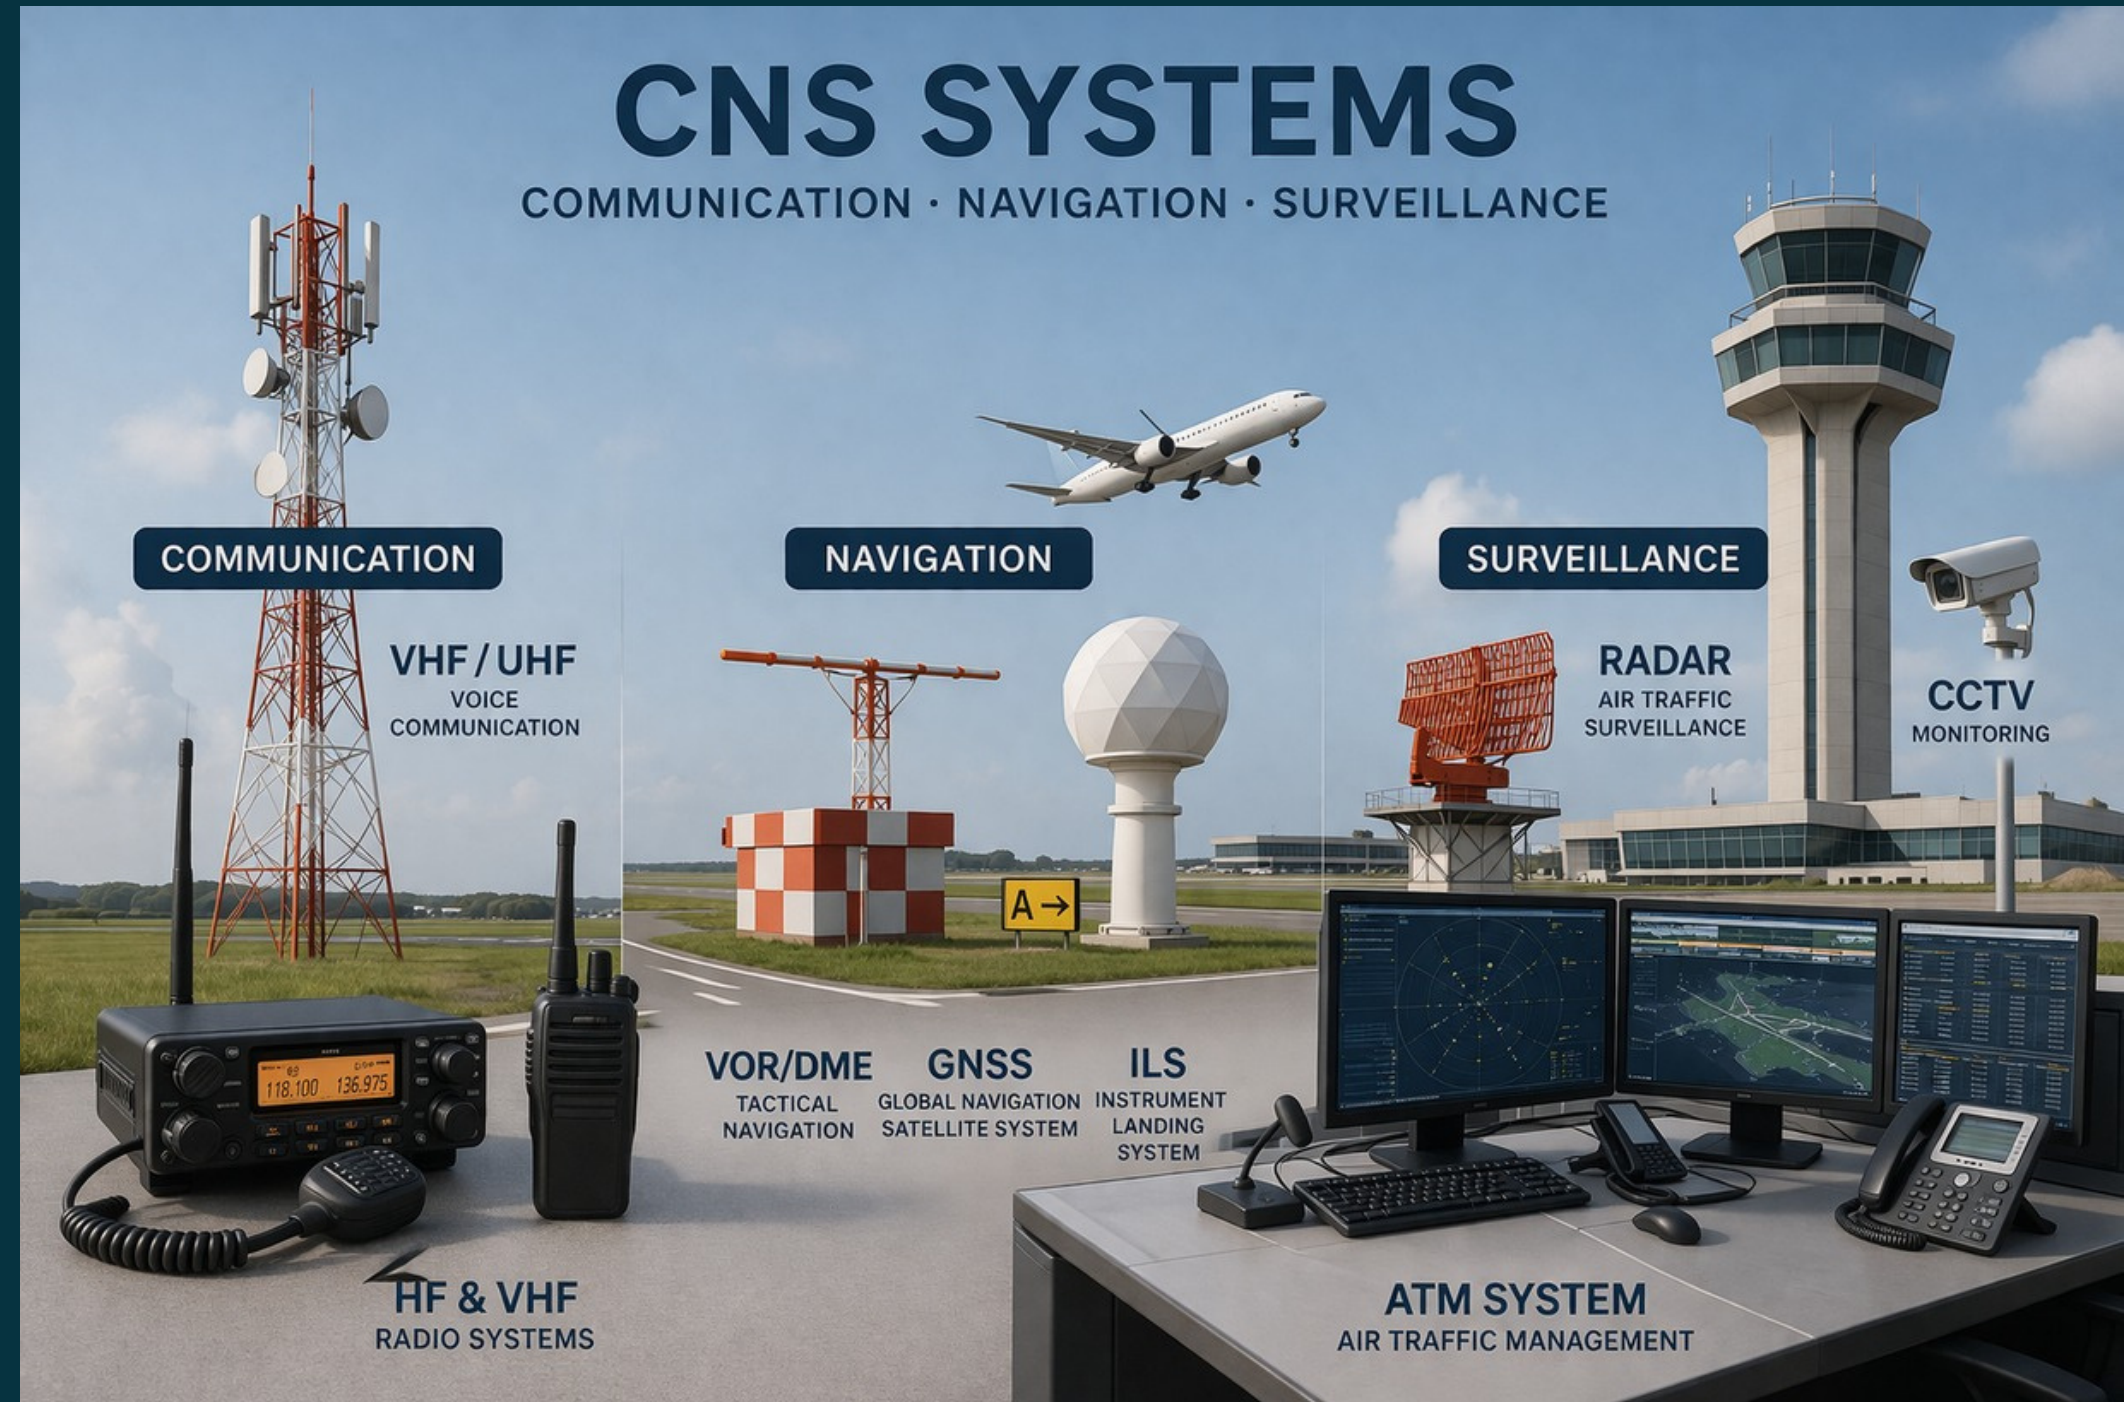

Your Trusted Partner in Electronics & IT.
Delivering Performance, Security & Innovation.

ABOUT US

The Ali Enterprises is a dynamic, multipurpose engineering company specializing in aviation electronics and communication systems. With a strong technical foundation and industry driven approach, the company delivers comprehensive solutions tailored to the evolving needs of the aviation sector.

Our services include CNS/ATM systems, HF & VHF communication, F.I.D.S, public address systems, CCTV surveillance, walkie-talkies & repeaters, EPABX and telecom infrastructure, fire detection, and general technical supplies. We ensure reliability, operational efficiency, and high-quality performance across all solutions. Backed by over 30 years of hands-on experience, our team excels in installation, testing, commissioning, operations, maintenance, and system integration. We also provide SLAs, HR management, and on-demand technical manpower solutions, delivering fully managed and performance- driven support services in compliance with international standards.

VISION & MISSION

Vision

AliEnterprisesiscommitted to delivering innovative and effective solutions, striving to be a trusted leader in integrated technical services. We empower the aviation industry with reliable electronics, communication, surveillance, fire, security, IT, and telecom systems, enhancing efficiency and supporting sustainable operational growth.

Mission ★

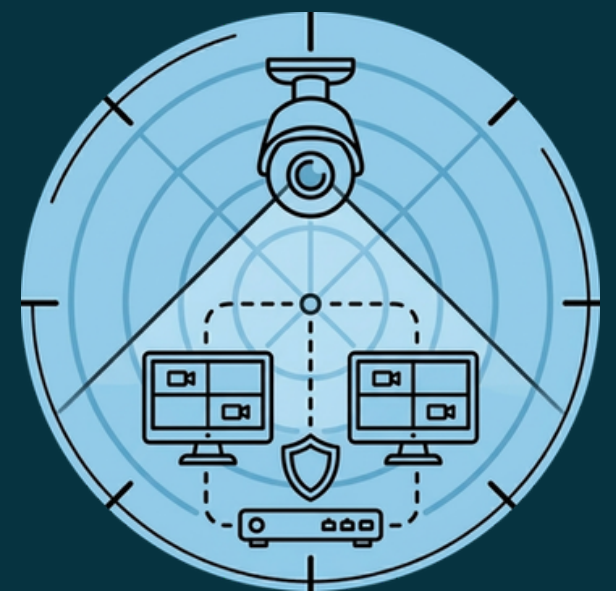

Ali Enterprises is dedicated to providing high-level operational support and strategic guidance, helping clients overcome key operational and financial challenges. We deliver cost-effective, customized solutions across electronics, communication, security, and IT, with a strong focus on innovation, professionalism, and long-term partnerships.

OUR SERVICES

Electronics & Communication

- VHF,UHF, HF SSB Radios
- Walkie Talkies, Repeaters
- Antenna systems

Security & Surveillance

- CCTV Systems
- Access Control & VRS
- Metal Detectors

Aviation Solutions

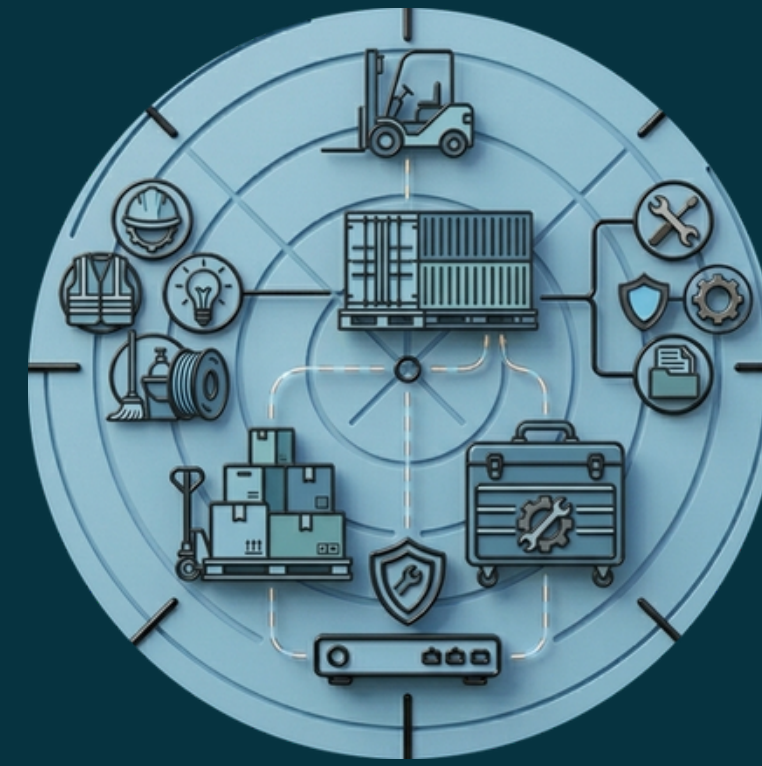

- Surveillance Systems
- Communication Equipment
- AFDS & PA Systems
- Flight Information Display System
- Navigational Equipment & Spare Parts

OUR SERVICES

IT & Automation

- ATM, VRS
- Network & Server Solutions
- IT Equipment

General Supplies

- Technical & HR Manpower Services
- Installation & Maintenance
- AMC , SLA & Support Services

SERVICES

ELECTRONICS & COMMUNICATION

Ali Enterprises provides advanced electronics and communication solutions, including VHF, UHF, and HF SSB radio systems for reliable long- and short-range communication across country side, security, industrial, and remote environments. We also supply walkie-talkies and high-quality antenna systems to ensure clear, efficient, and uninterrupted connectivity. Our solutions are designed to enhance communication reliability, coverage, and overall operational efficiency.

VHF RADIO SYSTEM

UHF RADIO SYSTEM

HF SSB RADIO

SERVICES

SECURITY & SURVEILLANCE

Ali Enterprises delivers comprehensive security and surveillance solutions, including CCTV systems for real-time monitoring, access control systems for secure entry management, and Voice Record Systems (VRS) for efficient monitoring and record handling. We also supply walk-through and handheld metal detectors for enhanced security at airports and high-risk locations. Our solutions ensure reliable protection, improved monitoring, and overall safety with professional installation and support.

SERVICES

AVIATION SOLUTIONS

Ali Enterprises delivers specialized aviation solutions to ensure safe, efficient, and reliable airport and airline operations. We provide CNS ATM, navigation, and surveillance systems, along with aviation communication equipment for seamless aircraft-ground coordination. Our services include Flight Information Display Systems (FIDS), Public Address (PA) systems, spare parts, and technical support, all designed to meet industry standards and maintain smooth, secure airport operations.

SERVICES

IT & AUTOMATION

Our IT & Automation division delivers advanced technology solutions to optimize operations and automate critical processes. We specialize in IT infrastructure, networking, enterprise software, and intelligent automation, including cloud services, smart building systems, IoT, and process control. Our expert team provides IT consulting, cybersecurity, data management, and real-time monitoring, helping businesses improve efficiency, accuracy, and growth.

SERVICES

GENERAL SUPPLIES

Our company delivers a full range of procurement solutions to ensure efficient, reliable, and seamless operations. We supply high-quality electronics, communication, navigation, electrical, and general equipment for both large projects and daily operations. Our skilled, operation & technical teams provide installation, maintenance, and support services, including Annual Maintenance Contracts (AMC), service relevant agreements manpower provision. ensuring optimal performance, minimal downtime, and long-term system reliability, helping businesses maintain productivity and growth.

COMPANY OVERVIEW

Our Services

"Specializing in security systems, antennas, VHF/UHF/HF equipment, walkie-talkies, and integrated communication solutions."

Our Expertise

"Providing advanced electronics, communication, and aviation solutions with a focus on innovation and reliability."

Innovation & Quality

"Committed to research, development, and delivering high-quality, cutting-edge technology systems."

Global Reach

"Serving diverse industries with technology solutions across aviation, security, and communications worldwide."

TEAM PROFILES AND EXPERIENCES

ShakilAhmed
Managing Director

Professional Experience:

Shakil Ahmed is an aviation professional with over 35 years of distinguished service in the Pakistan Civil Aviation Authority (PCAA), having served at multiple locations. He possesses extensive expertise in aeronautical communication systems, operation and maintenance ensuring reliability, safety, and efficiency with seamless airport operations, optimizing system performance, Proactive approach and implementing innovative solutions to enhance operational capabilities.

He has strong leadership qualities in project management with proven strategic planning coordination team collaboration problem-solving analytical thinking with attention to detail, execution with data-driven decision-making. His broad vision coupled with technical expertise, and results-oriented mindset, makes him a valuable asset in successful delivery of projects and achievement of organizational objectives and goals .

TEAM PROFILES AND EXPERIENCES

Shams ul Amin Awan
C.E.O

Professional Experience:

Shams ul Amin Awan brings over 20 years of extensive experience with Pakistan International Airlines (PIA), where he developed strong expertise in passenger traffic management and customer service operations. Throughout his tenure, he consistently demonstrated a high level of professionalism in handling customer interactions and operational responsibilities.

In the early phase of his career, he served as an aircraft technician, gaining valuable technical insight and hands-on experience in ensuring operational efficiency and reliability within aviation systems.

In addition to his aviation background, Mr. Shams ul Amin Awan possesses over 10 years of experience in business management and administration. His combined expertise in customer relations, operational management, and administrative functions—supported by proven leadership capabilities—enables him to deliver reliable, efficient, and high-quality solutions that contribute effectively to organizational performance.

TEAM PROFILES AND EXPERIENCES

KHALID HAROON **Director Engineering**

Professional Experience:

Khalid Haroon is an experienced aviation professional with over 20 years of service at Jinnah International Airport, Karachi, where he served as Senior Deputy Director. He has strong expertise in Air Traffic Control (ATC) and Control Tower communication systems, including VHF, HF, and DVLS, ensuring safe and efficient operations.

He also brings more than 10 years of experience in Terminal Facilities Systems, with hands-on knowledge of FIDS, CCTV, AFDS, Public Address, and Check-in systems. In addition, he serves as a visiting instructor at CATI Hyderabad, sharing his expertise in electronics and VHF systems.

With a solid technical background and leadership skills, he consistently delivers reliable and high-quality aviation solutions.

TEAM PROFILES AND EXPERIENCES

Mushtaq Ahmed
Director Marketing

Professional Experience:

Mushtaq Ahmed is an experienced aviation professional with over 35 years at the Pakistan Civil Aviation Authority, serving at major Airports and Civil Aviation Training Institute Hyderabad. He possesses strong leadership, strategic planning, and operational expertise, with specialization in aeronautical communication systems VHF, HF, EVHF, and navigational aids.

He also possesses extensive expertise in operation and maintenance of radio communication infrastructure, ensuring reliability, safety, and efficiency with seamless airport operations. His experience includes overseeing complex technical environments, optimizing system performance, and implementing innovative solutions to enhance operational capabilities & dependable high-quality solutions.

OUR MANAGEMENT TEAM (KARACHI)

Our experienced team members who drive business development, operations, and customer success in Karachi.

MEET OUR MANAGEMENT TEAM (KHI)

ZOHAIB KHALID
Operations Manager

Professional Experience:

Zohaib Khalid is an experienced electronics and network engineering professional with a strong background in IT infrastructure, surveillance systems, and aviation technologies. Currently serving as Operations Manager at Ali Enterprises, he has hands-on expertise in network installation, system maintenance, and advanced security solutions. He has contributed to major projects involving IP-based surveillance, Facial Recognition Systems (FRS), and command & control centers in collaboration with the Pakistan Civil Aviation Authority. Known for his technical skills, problem-solving approach, and teamwork, he ensures efficient and reliable operations across complex environments.

MEET OUR MANAGEMENT TEAM(KHI)

SADAF KHALID
IT MANAGER

Professional Experience:

Sadaf Khalid is a BS Computer Science graduate with over 3 years of experience in corporate and freelance roles. She worked as an ERP Operations Officer at PIA and as a WordPress Developer at Deploy IT, gaining expertise in system operations, website development, and content management. She is skilled in documentation, presentations, and MS Office, and is known for delivering creative and high-quality digital solutions.

OUR MANAGEMENT TEAM (ISB)

Professionals responsible for managing technical operations project coordination in and bussiness development , at Islamabad northern area and punjab zone.

Operations Manager

Muhammad Khalil Aslam

Business Manager

Muzammil Ahmed

MEET OUR MANAGEMENT TEAM ISB

Muhammad Khalil Aslam
Operations Manager

Professional Experience:

Khalil Aslam is a veteran aviation professional with 34 years of experience at the Pakistan Civil Aviation Authority. As Operations Manager at Ali Enterprises, he specializes in the installation and maintenance of critical CNS systems and airport infrastructure.

Core Pillars of Expertise:

- **Aviation Systems:** Expert in Communication, Navigation, and Surveillance (CNS) systems and critical airport infrastructure.
- **Technical Leadership:** Over three decades of experience leading large-scale teams and supervising complex technical projects.
- **Infrastructure Management:** Specialist in FIDS, Public Address Systems (PAS), CCTV, and secure communication networks.

MEET OUR MANAGEMENT TEAM ISB

Muzamil Ahmed
Business Manager

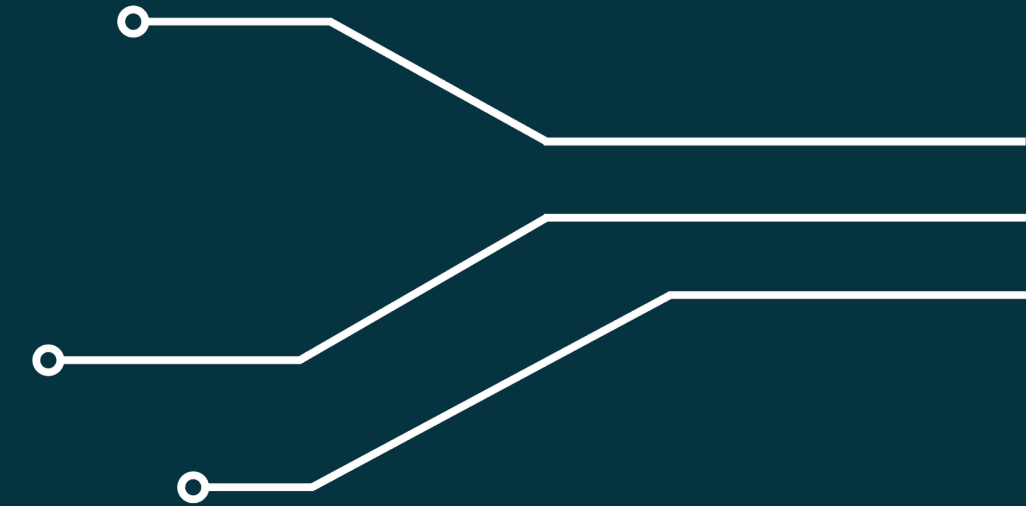

Professional Experience:

Muzamil Ahmed is a Business Manager and Electrical Engineering professional specializing in IT, telecom, and aviation technologies. At Ali Enterprises, he manages technical operations and maintenance for critical airport infrastructure and rescue equipment.

Core Pillars of Expertise:

- **Technical Operations:** Specialist in electronics, telecom networks, and aviation technology maintenance.
- **Aviation Support:** Hands on experience with airport rescue and firefighting equipment projects.
- **Operational Management:** Strong focus on collaborative problem solving and efficient system oversight.

FUTURE PLANS

EXPAND ADVANCED ELECTRONICS, COMMUNICATION, AND AVIATION SOLUTIONS.

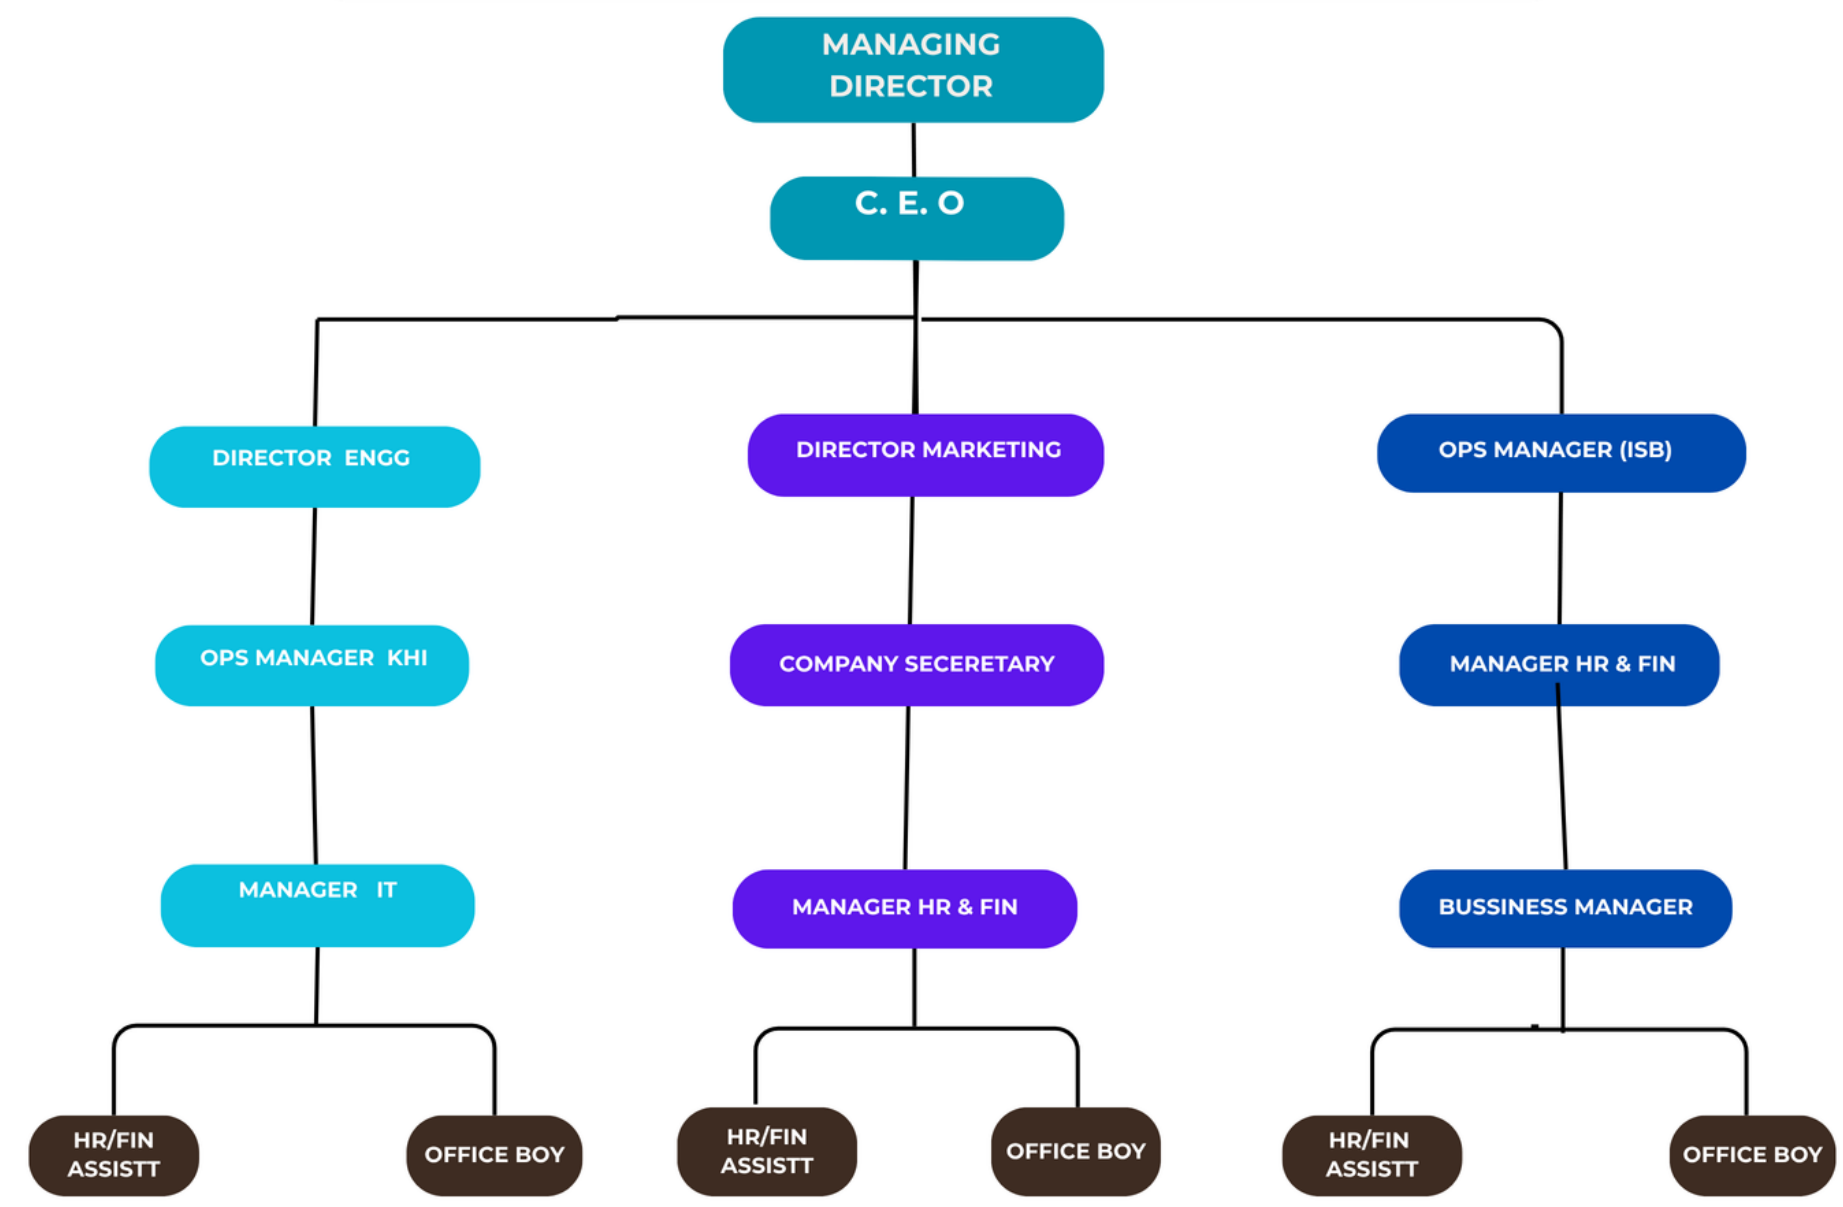

INVEST IN RESEARCH AND DEVELOPMENT FOR CUTTING-EDGE TECHNOLOGIES.

STRENGTHEN GLOBAL PARTNERSHIPS AND MARKET PRESENCE AND
INTEGRATE SMART, EFFICIENT, AND SUSTAINABLE SYSTEMS.
